

MoReVoX®

COLOURSCAPE

• 5.1 Surround Soundscapes •

MoReVoX COLOURSCAPE is a Collection of 5.1 Soundscapes Libraries.

Based on a proprietary and unique MoReVoX spatialization technique, COLOURSCAPE Libraries offer a wide range of abstract and dreaming soundscapes perfect for movies, video games and for every application where deep and fascinating surround sounds are required.

Not only the spatialization itself but also the treatment and processing of every source sound is very unique.

Using the well known MoReVoX multiple distortion processing each COLOURSCAPE sound has been tailored to achieve an unparalleled richness prior to dip into an unbelievable surround experience.

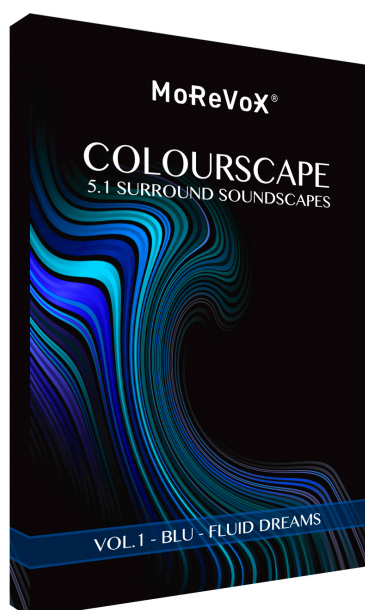

MoReVoX COLOURSCAPE is a Royalty FREE library; if it's used for Commercial Projects we kindly ask you to Credit MoReVoX like sounds resource

MoReVoX COLOURSCAPE is available also in Stereo (5.1 Downmix)
